When you're responsible for millions of miles of sky, you don't fly it alone.

This is no drill. This is the Air National Guard. The professionals who keep watch on the skies over America. All day. Every day.

It's serious business, because it's for real. And everyone from the jet engine mechanic to the weather technician knows it.

That's why they're here.

They know every time a pilot leaves the ground, they're riding with him. Their communications network, his ears. Their radar scopes, his eyes. Their aircraft maintenance, his life.

And whether it's a ground check on an electronic circuit. Or a steady hand on a refueling boom nine miles high, everything they do brings a special satisfaction. Because it counts.

If you're looking for the chance to do something meaningful. If you've got what it takes to take on a real job. If you get that tingle down your spine when a jet engine fires up. Then maybe you should help us do what we do. We Guard America's Skies.

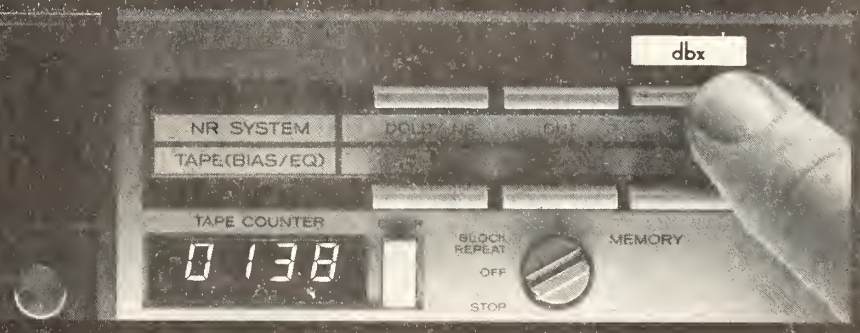
NOISE POLLUTION.

IF THE DOLBY DON'T GET IT, THEN THE DBX WILL.



There's more than one way to squelch a hiss. Best known is Dolby.* And you'll find it on many cassette decks.

Increasingly popular, especially with professionals, is DBX.** And you'll find it only rarely outside a recording studio. But both Dolby and DBX are standard equipment on our new V-5RX cassette deck.

Record your cassettes on Dolby when you want to play them on your car stereo. And on DBX for your home.

You may think it's rather extreme of us to put two noise suppressors in one deck. But at Teac, tape recording equipment is all we make.

And going too far in tape recorders is all in a day's work.

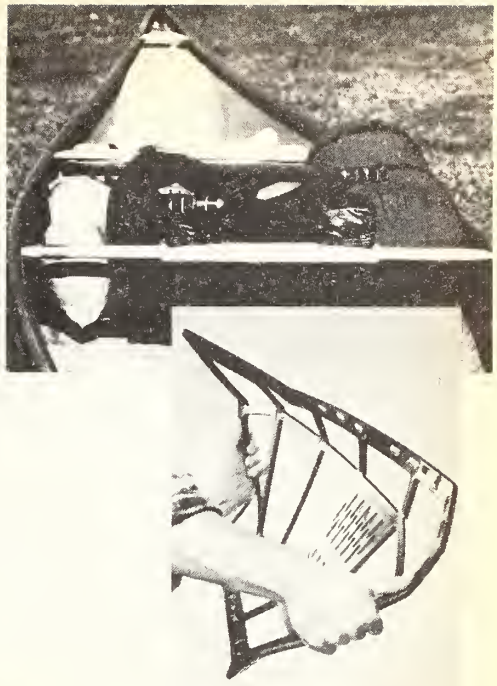
Peak 1® *Trail Notes*

"Peak 1® is perfect fit for Isle Royale canoe experience".



Tom Gronback, Northland Outfitters, Germfask, Michigan

"In fact, Peak 1 fits us from more than one standpoint. We've been a full-service outfitter on the Upper Peninsula since 1974. Recently we're offering a 6-day fly-in canoe and fishing trip into the wilderness of Isle Royale National Park.

"The Peak 1 frames fit crosswise in our canoes. Their flexibility lets them wedge in tightly, then hold without shifting, a big safety factor on the water.

"Of course this lets us use frame packs, with their weight transfer advantage, instead of the usual canoe sacks. Result—more comfortable carrying on our portages to inland lakes.

"Finally, thanks to Peak 1's adjustability, we also get a perfect fit for each person in the party, trip after trip."

illegitimate child

Rip-off or spin-off, you've never heard sound like you'll hear from the headphones you can get for only $5 pictured below. But there's a catch.

It was spawned by Sony. And, it's an entirely new technology. No more cheap paper speakers and heavy magnets. Sound is reproduced with such clarity and power that it will send shivers up and down your spine.

Sony's MDR-3 headphones sell for about $50, and they've been worth it. Now you can have DAK's for only $5. We challenge you to take them to your favorite Hi Fi store and compare them to Sony's. But there are 2 things you ought to know.

Thing One. If you can hear a difference, any difference at all, not only can you return them and get your money back, but we'll also give you a free gift for your trouble.

YOU'VE BEEN THERE BEFORE

You may already be familiar with the sound produced by these headphones. If you've ever sat in the very front row during a symphony concert, or right in the middle of a live jazz band, you know the spine tingling thrill of the full rich sound that envelops you.

If you sit even 10 rows back, you lose the feeling. You still listen to the music, but you can't touch or taste the sound.

It's only when you sit right up front that the sound is alive with electricity. It's the same sound you get with Sony's MDR–3s and DAK's $5 stereophones.

ILLEGITIMATE CHILD

Not recognized by law as a lawful offspring.

The technology is new. Up until the Sony featherweight headphones were introduced, most headphones were simply uncomfortable miniature speaker systems that you wore on your ears.

The Sony breakthrough was made possible by changing the cheap paper speaker cones to mylar diaphragms, and by using the powerful rare earth magnet Samarium to move the diaphragms.

The mylar diaphragms are much more accurate than paper and have a drastically improved dynamic range. The result is a headphone that weighs less than 2 ounces and yet produces 20–20,000hz sounds better than a theater sized loud speaker system.

Sony fathered the technology for these headphones and obviously has no connection to DAK, but the technological heritage will become vividly apparent when you compare the sound of these marvelous headphones side by side. DAK's come with a full one year limited warranty.

THE CATCH

Thing two. Frankly we are losing our shirts on the headphones, but we're taking a gamble because we want you to try our audio cassettes.

In order to get the $50 value pair of featherweight headphones for only $5, we want you to try 10 DAK High Energy, Normal Bias 90 minute cassettes for only $2.19 each.

DAK's price is less than half the price of the competition, and each cassette comes with a deluxe index insert card, a box and a one year guarantee.

You're very valuable to us in the form of future business. DAK has excited over 80,000 of you valuable customers with special bonuses like the headphones. We find most of you keep buying once you try our cassettes and our prices; and that's a gamble worth taking.

NOT A BAD CATCH

DAK manufactures a cassette that you can really forget about. Great sound, and no problems.

We make mostly industrial cassettes for high speed duplication. We've developed a special jam proof cassette. It uses a spring tension liner within the cassette that guides the tape as it winds.

We coat these liners with a new chemical called Molysulfide which drastically reduces friction within the cassette.

Hi Frequency Protection! As tape moves within the cassette friction causes the build up of static electricity. Static electricity is drastically reduced by the low friction of the Molysulfide and so is its tendency to erase very high frequencies. A very important consideration for often played tapes.

MAXELL 'TAPE' IS BETTER

Yes, honestly, if you own a $1000 cassette deck like a Nakamichi, the frequency responses of Maxell UDXL or TDK SA are slightly superior and you just might be able to hear a difference.

DAK ML has a frequency response that is flat from 40–14,500hz ±3db. Virtually all cassette recorders priced under $600 are flat ±3db from 40hz to about 12,500hz, so we have over 2000hz to spare, and you'll probably never notice the difference.

No apology. We feel that we have equaled or exceeded the mechanical reliability of virtually all cassettes and offer one of the best frequency responses in the industry.

TRY DAK ML90 CASSETTES RISK FREE

Try these high energy cassettes and the featherweight headphones in your own home for 30 days. If you aren't 100% satisfied for any reason, return only 9 of the 10 cassettes and the headphones for a courteous refund. The 10th cassette is a gift from DAK for your time.

To order your 10 DAK ML 90 minute high energy cassettes at $2.19 each and get the headphones for only $5 with your credit card, call the DAK toll free number below, or send your check for only **$21.90** for the tapes, plus **$5** for the headphones, and **$3** for postage and handling for each group. Order No 9186 (CA residents please add 6% sales tax).

Why not order an extra group of 10 DAK ML90 cassettes. We will add one free ML90 cassette to each additional group you buy and of course you can get a headphone for $5 with each group.

ADMISSIONS PROCEDURES

New students planning to enroll for any credit course or on an audit basis must be formally admitted to the University. Admission to the University must be fully cleared before any registration is authorized. Any student who meets admission or readmission requirements after May 1 cannot be assured of registration before the first day of classes. Any non-Tennessean who resides more than 150 miles from the University must file an application for admission or readmission prior to that date. Anyone failing to do so cannot be assured of being considered for admission.

New Applicants

Applications for admission, detailed instructions concerning admission procedures, and regulations for all student levels may be obtained in the Admissions Office, Room 215, Administration Building. After 4:30 p.m. and on Saturday mornings, these may be obtained in Room 167, Administration Building, or by telephoning 454-2398.

Former Students

A former student is defined as a student who (1) has previously been enrolled at Memphis State but (2) was not enrolled during the previous semester. Undergraduate or graduate former students desiring to be readmitted may obtain an application for readmission from the Office, Room 167, Administration Building. Former undergraduate students entering Graduate School are not "former students" for readmission purposes. They are new graduate students who must be properly admitted to graduate school as new students.

Graduate students who have not attended Memphis State in the past 5 years or longer must apply for readmission at least 3 days prior to Graduate Registration in order to complete registration on time.

Transferring Credit to MSU

In order for completed additional course work to be transferred from another university and recorded on the student's permanent record, the student must request that an evaluation of the additional course work be completed by the Transfer Affairs section of the Admissions Office. After the student has been admitted as a regular undergraduate, whether he is a beginning freshman or a transfer student, it is recommended that he consult with his adviser or the Transfer Affairs section of the Admissions Office if he anticipates enrolling at another college or university for the purpose of transferring credit to Memphis State University.

Residency Classification

All determinations concerning classification of in-state and out-of-state students for fee-paying and other purposes are made in the Office of Admissions. The determinations are based on the regulations and guidelines of the State Board of Regents. Copies of the guidelines and regulations used in the classification of students for fee-paying purposes are available in the office of the Admissions Adviser for Residency.

Persons Over 60 Years of Age and Totally Disabled Persons

Persons suffering from a permanent disability which totally incapacitates such person from working at an occupation which brings him an income, and persons who will become sixty (60) years of age or older during the academic semester in which such persons begin classes, and who are domiciled in Tennessee, may AUDIT courses at Memphis State without paying tuition charges, maintenance fees, student activity fees, or registration fees. Admission to AUDIT will be limited on an individual classroom basis according to space availability.

Any person who is totally disabled, and persons who will become sixty-five (65) years of age or older during the academic semester in which such persons begin classes, and who are domiciled in Tennessee, may enroll for courses for credit at the cost of $17.50 per undergraduate semester hour, or $24 per graduate semester hour, not to exceed $75 per semester. The University Health Services shall examine certification of permanent disability (not the applicant) and determine the eligibility of the applicant under this legislation.

Inquiries concerning these programs may be addressed to the Records Office, Administration Building, Room 115, or telephone 454-2671.

REGISTRATION PROCEDURES

Registration dates for the four terms of the Summer Session are found in the MSU Summer Calendar. Specific details of these registrations are as follows:

Pre-Summer Session: Registration for this term only is on May 10. Students should report for registration at the time they are assigned. Students are assigned registration times by student's classification and should refer to the information card included in the packet of registration materials for these times. Registration material is mailed prior to the Pre-Summer Session registration and may be used for this term or any subsequest one. Although the "Registration Appointment Card" should be processed during registration, the time on this card should be ignored for Pre-Summer Session registration. Additional registration material is mailed to those who register for Pre-Summer Session courses so that subsequent registration may be possible.

First Summer and Extended Terms: Students must register on June 1 or 2 for courses offered during the First and Extended Terms. Students may also register on these dates for courses offered during the Second Summer Term. The time on the "Registration Appointment Card" must be used for this registration. The specific dates for adding and dropping courses are in the MSU Summer Calendar.

Second Summer Term: Students who have not previously enrolled for Second Term courses may do so on July 12. Students are also permitted on this date to add and drop Second Term courses for which they have previously enrolled. A special "Add/Drop Appointment Card" is sent prior to the Second Term Registration to all students who have previously registered for courses.

NOTE: Students registered for the First Term do not register for the Second Term. They add courses with a "Change of Course" application.

IMPORTANT:

1. Read carefully all instructions found in your registration materials.
2. Registration on June 1 or 2 will insure class space in the course being taught in the Second Summer Term.
3. Students registered for the First Term or Extended Term **do not register again** for the Second Term. They add courses with a "Change of Course" application.

Students who do not register on June 1 or 2, but who wish to register for Second Summer Term courses must report at the times indicated on the card accompanying the registration materials.

A $5 add/drop charge is not charged on course changes processed on July 12. The charge will apply to adds/drops processed at any other time during the scheduled add/drop period. Students who fail to register during the regular registration periods may do so during the late registration periods. A $10 late registration fee is charged.

(1) CONSULTING WITH ACADEMIC ADVISER

Current Students

Current Memphis State University students are encouraged to see their academic advisers well in advance of registration, preferably during the preceding term when ample time can be given for general academic advising including assistance in selection of courses for the ensuing term. This is not always possible for new and returning students and for some current students. However, all students are required to have a class schedule with an adviser's signature prior to entering the registration center.

To find where an adviser will be located for assistance in class scheduling, go to the Adviser Locater Station in the Packet Center located in the Old Cafeteria of Jones Hall, when it is open, and in the Late Registration Center, also in the Old Cafeteria of Jones Hall, during the late registration period. Please consult the registration calendar for dates and times these Centers will be open.

During scheduled evening hours of late registration, advising is available in the Late Registration Center. During the day (8:30 am-4:00 pm) academic advising occurs in the academic department or in the Academic Advising Unit in Scates Hall. Faculty advisers are generally available except when they are teaching. Assistance in locating an adviser can be obtained in the Office of the Department Chairman or in the Late Registration Center.

Handicapped Students

Preferential scheduling is offered to some disabled students to allow them reasonable opportunity to plan around disability-related needs. Students eligible for this service include those with mobility impairments, visual or hearing impairments, dyslexia and others who must accommodate medical or educational needs arising from a disability. Attendants for handicapped students are also eligible.

Preferential scheduling is begun prior to regular registration. Students using this procedure should see their adviser, fully complete the "Student Schedule" form and take it to the Handicapped Student Service Office well in advance of the beginning of registration. The desired class cards will be pulled before registration opens and will be held on reserve in the Records Referral Center at Registration.

Handicapped students may go through registration at any convenient time **after** the appointment time assigned in the Registration Packet. After being cleared to register, they should proceed directly to the Records Referral Center and pick up their envelope of reserved cards. From there they must proceed through the regular line to complete registration.

If a student for whom cards are pulled in advance should for any reason decide not to complete registration, notification must be given to the Handicapped Student Service Office so that the reserved cards may be returned to the departments for use by others.

All reserved cards that are not picked up during regular registration will be transferred to the Referral Desk at Late Registration. Handicapped students may ask for a waiver of late fee on the basis of handicap if their cards were reserved in advance. However, students who can go through Regular Registration are encouraged to do so rather than going through Late Registration.

For further information and specific details, please contact the Director of Handicapped Student Services, 215 Scates Hall, or call 454-2880.

New and Readmitted Students (Undergraduate)

All new freshmen students and transfer students without an academic major will be assigned to the Academic Counseling Unit, located in Scates Hall, and should go to the unit immediately after admission to the University to request the assignment of an adviser. Students who have not seen an adviser will be assigned one.

Students who have been readmitted and have selected a major should contact the department of their major for the assignment of an adviser. Readmitted students without a declared major should go to the Academic Counseling Unit. This should be done in advance of the first day of registration.

Evening (Undergraduate)

New and Readmitted Undergraduate students **enrolling in evening and/or Saturday courses only** may obtain the required registration and advising information in the Evening Academic Services Office, Room 167, Administration Building.

Unclassified, Special Undergraduate, and Audit Students

Undergraduate students who are unclassified, special undergraduate, or audit go to the Academic Counseling Unit, Scates Hall. Evening students in these categories go to the Evening Academic Services Office, Room 167, Administration Building for advising assistance.

New and Readmitted Students (Graduate)

New Graduate School students are directed to an adviser following their admission. Students who are classified as Graduate Special or Graduate Provisional, should go to the Graduate School Office, Room AD 315, for an adviser.

Readmitted graduate students having a major should contact the department of their major for the assignment of an adviser. Readmitted graduate students not having a major should contact the Graduate School Office for an adviser.

Graduate students attending in the evening should follow the procedures outlined above.

(2) OBTAINING REGISTRATION MATERIALS

The registration packet consists of four basic materials: (1) "Student Information Form," (2) "Registration Appointment Card," (3) "Registration Receipt," and (4) a permanent ID card.

Current Students
Registration materials are mailed to the permanent address of all students currently enrolled, with the exception of those suspended for academic reasons, those who are on academic probation, and those who have holds placed on their packets by a University office. When a hold is released, the student is given a release card which tells where and when to secure his packet.

New and Readmitted Students
New and readmitted students who have cleared all admission requirements at the time registration materials are prepared, receive their materials by mail. Students not clearing in time to receive their materials by mail are given a chance to obtain materials before the actual day of registration and receive instructions on how to accomplish this.

(3) SECURING CLASS CARDS

Students having their "Student Schedule," permanent ID card, and registration materials, are prepared to enter the Registration Center to obtain class cards and to pay fees.

Registration appointment times — Enter the Registration Center on the date and time printed in the upper right hand corner of the "Registration Appointment Card." Registration priority is based on cumulative hours earned. The student may enter at any later day time after his day appointment time or at any later night time after his night appointment time.

REGISTRATION PRIORITY

Since all students cannot register at the same time, it is necessary to establish priorities in the assignment of registration times. Registration priority and the registration appointment times appearing on registration materials are based on the number of cumulative hours earned.

Registration materials must be prepared before the end of the term that immediately precedes registration. Appointment times do not reflect hours earned during the current term. For example, registration times for the spring semester are not affected by hours earned during the fall semester.

Registration priority and associated registration appointment times cannot be based on the need to work because such a large number of students do work. No practical or equitable way exists to administer a priority system on the criterion of a student having to work.

Unclassified students will be awarded registration appointment times on the basis of hours earned at Memphis State University only.

Seniors not holding an undergraduate degree who are taking degree credit courses have priority over special undergraduate students (those who hold degrees) when enrolling for undergraduate credit courses.

Special Courses
Credit/No-Credit Courses — Certain students, **with permission from the dean of their college,** may elect to take some courses on a credit-no-credit basis. Details are found in the undergraduate *Bulletin*.

Procedures for registering are as follows: (1) Obtain permit form from academic adviser, complete information on the form, and secure adviser's signature; (2) Get permission of the dean of their college; (3) Go to the office of the chairman of the department in which the course is taught and secure his approval; (4) Obtain "Class Card Request" form; (5) Take completed permit form and "Class Card Request" to the Registration Center at the appointed registration time.

Audit Courses — The student must: (1) Obtain academic advisor's approval; (2) Go to the department in which course is taught and pick up "Class Card Request" form; (3) Take the "Class Card Request" to the Registration Center at the appointed time. Fees for audit courses are the same as for credit courses. Further details on audit courses are found in the undergraduate *Bulletin*.

Late Registration
Students registering during the day at the Late Registration Center must go to departments to obtain class cards. Cards are at the Center during evening late registration hours.

ID CARD

ALL STUDENTS MUST OBTAIN A PERMANENT MEMPHIS STATE UNIVERSITY ID CARD BEFORE THEY WILL BE ALLOWED TO REGISTER. THIS INCLUDES PART-TIME STUDENTS, EVENING STUDENTS, UNCLASSIFIED STUDENTS, ETC.

The University issues to each student an identification card which bears his photograph, social security number, and certification that he is enrolled as a student in the University. New students will be given information concerning ID cards in their information sessions. The card is required for registration, the borrowing of library books, and other purposes. The card remains the property of the University and will be surrendered upon the request of a University official.

A current student who has lost his or her card may obtain a replacement from the Dean of Students Office, Room 208 Scates Hall. A student will be charged $10.00 to replace a card that has been damaged, stolen, or lost. A charge of $2.00 will be made to make any change in data on a card. Students unable to obtain an ID card at an off-campus or special registration must go to the Records Office to have one made.

For information concerning the number of hours required for a full-time academic load, consult the Memphis State University Bulletin.

A credit hour load equal to one-half of that for the minimum full-time credit hour load qualifies as half-time academic load.

Any person placing his/her registration materials in the Referral Center will be made aware of the date and time they need to return to claim these materials. After that time, any class cards left with the Referral Center will be returned to the various academic departments.

(4) PAYING FEES

Students should not enter the Registration Center unless they are prepared to pay fees. Registration is not completed until fees are paid. Students receiving VA assistance are expected to pay fees in full. Students holding scholarships, student aid, or billing authorizations for this term should stop at the

"Scholarship" or "Authorized Billing" stations in the Fee Payment Center. Students will not have their names placed on the class rolls until after all fees are paid.

Students may not register until all outstanding financial obligations have been cleared.

Returned Checks
It is expected that a check given the University, for any reason, will clear the bank on which it is drawn. A $5.00 service charge will be assessed for each returned check whether given in payment of any fee or cashed by the University for the convenience of the student. Check writing privileges will be revoked for any student who has had checks returned by his bank more than twice within a twelve-month period.

Application Fee
Each student submitting an application for admission to the University must pay, at the time he submits his first application, a one-time non-refundable fee of $5.00.

Residency regulations of the Board of Regents and information on appeals procedures are available in the Office of Admissions and Records.

RESIDENCY CLASSIFICATION MAY BE CHANGED ONLY BY THE RESIDENCY ADVISER, OFFICE OF ADMISSIONS AND RECORDS.

Physical Education Locker and Towel Fee
Students enrolled in physical education courses must pay a fee of $4.00 for the locker and towel issued them. Students must provide their own lock.

Late Registration
Students who do not complete registration (including the payment of fees) during the official registration period will be charged $10.00 for any late registration following the official registration period.

Adding and Dropping Courses
A fee of $5.00 will be charged for each change of course transaction processed, regardless of the number of course or section changes included on the form(s).

Transcripts
There is no fee for transcripts. However, the student will be charged $1.00 for each official transcript over the maximum of five (5) per request. Transcripts are issued only at the request of the student in person or by letter. No transcript will be provided for a student who has any unfulfilled obligation to the University.

Diploma Fee
Each candidate for a degree from Memphis State University pays a $25.00 fee to cover cost of the diploma, rental of cap and gown, and incidentals connected with the commencement exercises. This fee must be paid thirty days before graduation.

The listing of these fees in this publication does not constitute a contract between the University and the student. As a condition of registration, each student will pay the fees in effect at the time he or she registers. Fees are subject to change without notice. Persons over 60 years of age and totally disabled persons should refer to the sections of this publication covering their registrations.

STUDENT FEE REFUND PROCEDURES

Maintenance Fees, Out-of-State Tuition, Music Fees
The following refund percentages apply to students who withdraw from the University or who drop to an hourly load below full-time.

1. 100% Refund: A full (100%) refund of fees will be made for courses cancelled by the University and for second summer classes dropped on or before July 12, 1982.
2. 75% Refund: The University provides a 75% refund of enrollment fees beginning at the moment of registration and extending for a period of time as noted in the term calendar for the semester.
3. 25% Refund: A 25% refund of enrollment fees is provided after the expiration of the 75% refund and concludes as noted in the term calendar for each semester.
4. 100% refund in case of death.

The University refund policy is based entirely upon the official date of the withdrawal or change of course which would result in a refund. Refunds beyond the specified date or percentage cannot be made for reasons such as employment conflicts, health or medical problems, moving out of town, or other reasons which are beyond the University's control or responsibility.

Note on the term calendar in the *Schedule of Classes* that the refund period ends **earlier** than the final deadline for dropping a course or withdrawal.

Refunds will be processed beginning approximately two and one-half weeks after classes begin.

Appeal Procedures for Fees and Refunds
A student may appeal the assessment, application, calculation or interpretation of any University fee, charge, deposit, or refund, or any University action connected with fees and charges. Questions should generally be discussed with personnel in the Bursar's Office. If a student is not satisfied with the resolution made by the Bursar's Office, a written appeal, on forms available in the Bursar's Office, can be made to the Director of Finance; his determination may be appealed to the Vice President of Business and Finance; and his determination may be appealed to the President of the University. Traffic fines are subject to a separate appeal procedure.

Credit by Examination or Placement Examination
The fee for taking an examination for credit is $15.00 minimum and an additional $5.00 for each credit hour over three; this fee must be paid prior to the examination. The same fee must be paid when an application for credit is made under the Credit by Placement Examination policy.

(5) CHANGING ENROLLMENT STATUS

Change of Course
After a student's registration is complete, he may change his class schedule by adding and/or dropping courses. APPLICATION FOR PERMISSION TO ADD OR DROP COURSES BEGINS WITH THE ACADEMIC ADVISOR. Time limits for add/drop are outlined in the semester calendar. A fee will be charged for each change of course transaction before it is processed. There is no charge for a change made as a result of the University cancelling a course.

Permission to add or drop a course after the deadlines shown in the calendar must be approved by the appropriate college dean.

Students who wish to discontinue attending and who are enrolled in one course only must withdraw, not drop the course.

Schedule conflicts — Each student is responsible for preventing conflicts in the scheduling of his classes. Students should check each class card which they are issued to insure that the course number, section, time and credit agree with what they requested. Students will be assessed a "change-of-course" fee if it is necessary to make changes because of a scheduling conflict or because of having the wrong class card. Students should be careful to check the schedule for course offerings that might have been changed. Up-to-date information may be obtained during registration.

The University does not guarantee that the instructor listed in the Schedule of Classes will be the one to teach the course, and no fees will be waived accordingly.

University policy prohibits the waiving of the change fee when a course section has been closed and is reopened later. The University reserves the right to cancel courses or sections or to combine sections.

ADD/DROP FEES CANNOT BE WAIVED TO ACCOMODATE CHANGES IN STUDENTS' OUTSIDE WORK SCHEDULES OR FOR REASONS OF CHANGES OF HEALTH CONDITIONS.

STUDENTS MAY ADD, DROP OR WITHDRAW FROM SECOND TERM COURSES ON THE CHANGE OF COURSE DAY, JULY 12, WITHOUT HAVING TO PAY THE ADD/DROP FEE. THE ADD/DROP FEE IS APPLICABLE AT ALL OTHER TIMES. THERE IS NO FEE FOR WITHDRAWAL FROM THE UNIVERSITY.

PRIVACY RIGHTS OF PARENTS & STUDENTS

ANNUAL NOTICE TO STUDENTS

Annually, Memphis State University informs students of the Family Educational Rights and Privacy Act of 1974. This act, with which the institution intends to comply fully, was designed to protect the privacy of education records, to establish the right of students to inspect and review their education records, and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students also have the right to file complaints with The Family Educational Rights and Privacy Act Office (FERPA) concerning alleged failures by the institution to comply with the Act.

Local policy explains in detail the procedures to be used by the institution for compliance with the provisions of the Act. Copies of the policy may be found in the following offices: Associate Dean of Admissions and Records (Records); Dean of Admissions and Records; University Counsel. The offices mentioned also maintain a Directory of Records which lists all education records maintained on students by this institution.

Questions concerning the Family Educational Rights and Privacy Act may be referred to the office of the Associate Dean of Admissions and Records (Records).

DIRECTORY INFORMATION

"Directory Information" is defined as: The student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, the most recent previous educational agency of institution attended by the student, the student's full or part-time status, and the student level. At the time a student registers for courses, the student may personally deliver to the Records Office, Room 115 (Attention: Assistant Director of Records) a written request that directory information not be released. This notification is effective only for the semester for which the student is then registering. Such information will then be withheld if the request is received within 14 days after the beginning of classes.

ACADEMIC STATUS AND RETENTION

Official notification of academic status is by means of the grade report processed to each student at the end of the regular semester. A complete statement of the policy regarding academic status and retention may be found in the University *Bulletin*.

Specific questions concerning academic retention/suspension should be directed to the Evening Academic Services Office, Room 167, Administration Building, between the hours of 12:00 Noon-8:00 p.m. Monday through Thursday, and 8:00 a.m.-12:00 Noon on Saturdays.

Undergraduate students should be aware of **new** academic status and retention policies which are printed in the *Addendum to the Catalogs*, Section IV of this *Schedule*.

GRADE REPORTS

A grade report showing the grade received, credit hours earned, and quality points earned, are mailed to the permanent address of each student at the end of the semester. The grade report will show cumulative hours attempted, hours earned, and grade point average.

Withholding of Grade Reports
The University is required by State law to withhold grade reports, transcripts, and diplomas from students who have outstanding financial obligations to the University. Previous semester grades which were withheld may be obtained (with the proper release card and identification) in the Packet Center or Late Registration Center, when these are open, and in the Records Office thereafter.

THE RECORDS OFFICE WILL NOT RELEASE ANY GRADE EXCEPT BY THE OFFICIAL COPY SENT BY MAIL. TO PROTECT THE CONFIDENTIAL NATURE OF THE STUDENT'S RECORD, NO GRADES WILL BE RELEASED BY TELEPHONE.

We carry sound in every direction with Stereo-to-Go, in a whole range of styles tuned in to the way you live!

Take note of the busy exec on the left. He may be making notes through the built-in condenser microphone in his RX-1950 radio cassette recorder. Or listening to the news on AM. Or a concert on FM stereo. Or a stereo cassette he taped himself on his RX-1950.

His athletic neighbor is listening to her own incredible FM stereo sound through featherweight headphones with the RF-10 super-slim AM/FM radio. This remarkably thin (1 1/16") and light (3 oz.) radio slips into a little pocket and produces sound as big as all outdoors.

Also headed for the great outdoors is the new Panasonic RQ-J9 stereo cassette player, sporting light, small headphones to listen to your favorite stereo tapes, standard or metal. It also has a 2-step tone control, a Mic On switch (in case you should ever want to listen to the outside world), a neat carrying case and great Panasonic sound. All at a price that should have you running, not walking, to your nearest Panasonic dealer.

Panasonic Stereo-to-Go. Great sound that fills the room inside your head.

Tape and batteries not included

Look where Panasonic Stereo-to-Go is going now.

Panasonic®
just slightly ahead of our time.

THERE'S NO ARGUMENT ABOUT IT— THERE'S A LOT OF ACTION COMING UP THIS SEASON!

Beyond quartz, the world's most precise tuning system, lies a new ability to expand sound.

Imagine you're in a room with Technics SA-828 receiver. What you hear is beautiful stereo. Then you activate Technics variable Dimension Control. Incredibly, the sound begins to move. The stereo image widens to the point where the music begins to surround you. You're intrigued by its richness and depth. You're enveloped by a new experience in sound. That's the wonder of the patented technology in Technics Dimension Control.

Just as wondrous is quartz synthesis, the world's most precise tuning system. That's how the SA-828 quartz synthesizer eliminates FM drift as well as the hassle of tuning. You can even preset and instantly retrieve 7 FM and 7 AM stations, all perfectly in tune.

Another perfect example of Technics technology is our synchro-bias circuitry. What it does is constantly send minute amounts of power to the amplifier transistors. And since they can't switch on or off, switching distortion is eliminated.

And when it comes to power, the SA-828 has plenty: 100 watts per channel minimum RMS into 8 ohms from 20Hz to 20kHz with no more than 0.005% total harmonic distortion.

The SA-828 goes on to show its sophistication with a super-quiet phono equalizer, soft touch program selectors, fully electronic volume control, and a Dimension Control display that doubles as a power level meter.

Technics SA-828 is part of a full line of quartz synthesized receivers. Hear it for yourself. Beyond its quartz synthesizer lies a new dimension in sound.

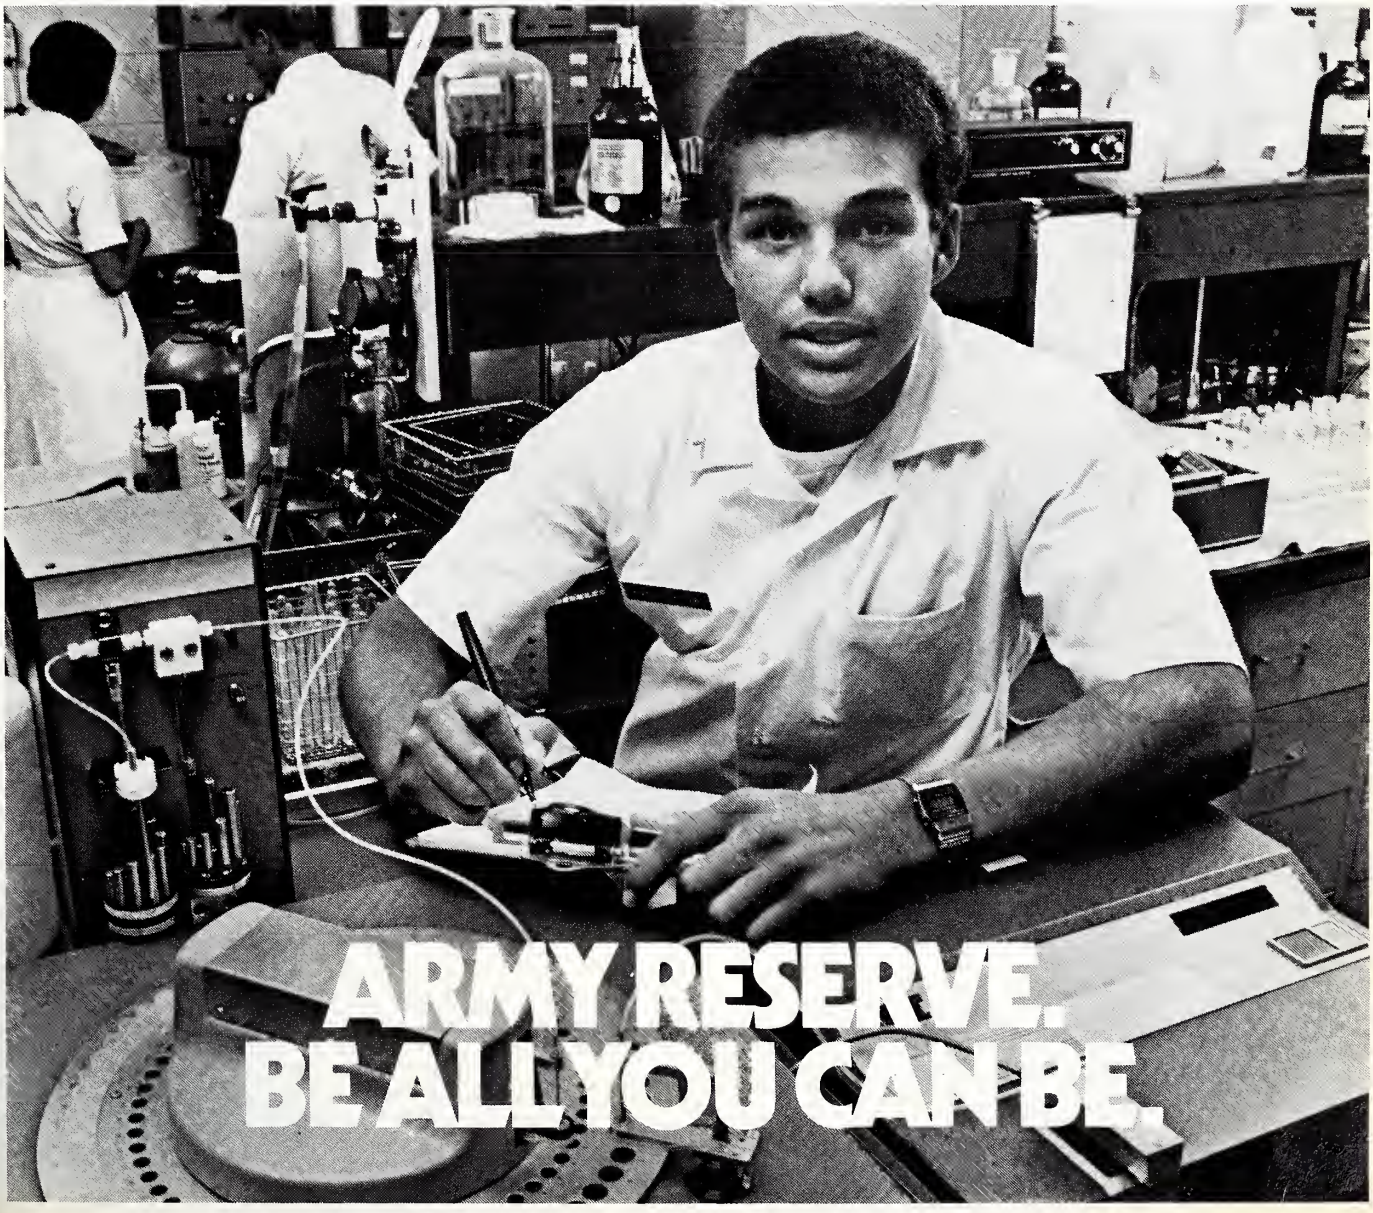
MAKE $12,200 FOR COLLEGE WHILE YOU'RE GOING TO COLLEGE.

Want a part-time job that doesn't hurt your grades? Or campus life? Give your local Army Reserve unit a weekend a month and a couple of summers during college, and they'll give you over $12,200 for college.

Up to $4,000 in college aid is yours just for joining most units. Another $6,000 for four years of monthly weekends and two-week summer stints. Plus over $2,200 that you'll earn during two summer training periods. All while you're getting the most out of college. And doing the most you can part-time for your country.

You don't have to wait for college to join the Army Reserve. If you're 17 or older and a junior or senior in high school, join us now! There's no better part-time job in town.

Interested? Call your local Army Reserve recruiter. For the number, call toll free 800-421-4422. In California, 800-252-0011. In Alaska or Hawaii, 800-423-2244.



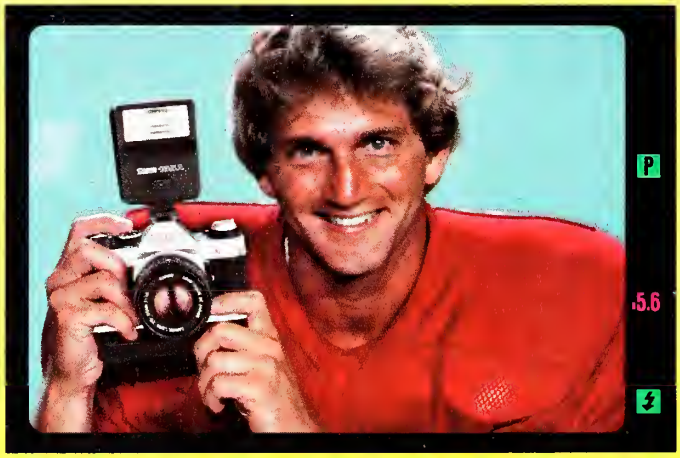
THE NEW AE-1 PROGRAM

Nobody has been able to make fine photography this simple. Until now.

There has never been a high quality 35mm SLR camera as simple to use as the Canon AE-1 PROGRAM. That's why people who don't have time for complicated cameras, like Washington Redskins' quarterback Joe Theismann, carry it with them wherever they go. And you should, too.

Indoors or out, day or night–in any light–the AE-1 PROGRAM is designed to give you perfect pictures automatically. You just focus and shoot. Really. When set on "PROGRAM" the advanced electronics inside provide total automation, so you can concentrate on your subject.

For action photography, there's also shutter-priority automation, which lets you choose a speed fast enough to "freeze" moving subjects while the camera's electronic brain automatically adjusts the lens opening for the lighting conditions.



Flash photography is totally automatic as well, and with the new Canon Speedlite 188A with built-in exposure confirmation, you can tell you've gotten a perfect flash picture before removing your eye from the viewfinder!

There are new and exciting accessories that add even more versatility. The Power Winder A2 provides single-frame and continuous motorized shooting at up to two frames-per-second. Or, for really fast action, you can add the Motor Drive MA for up to 4 fps. rapid sequence shooting.

There are eight interchangeable focusing screens and nearly fifty Canon FD lenses that fit the AE-1 PROGRAM. So you can shoot a wide-angle panorama, do candid portraits or use a Canon zoom lens to really reach out and bring your subjects up close. Best of all, when you add any of these exciting accessories, shooting is still automatic. And just as simple.

Ask your Canon dealer to show you the camera that makes fine photography simple. The new Canon AE-1 PROGRAM. It's one more reason we're the world's leader in 35mm photography.

GRADUATE AND UNDERGRADUATE ISSUES 1981-1982
MEMPHIS, TENNESSEE APRIL, 1982

Memphis State University offers equal educational opportunity to all persons without regard to race, religion, sex, creed, color, national origin, or handicap. The University does not discriminate on these bases in the recruitment and admission of students, the recruitment and employment of faculty and staff, and the operation of any of its programs and activities, as specified by federal laws and regulations. The designated coordinator for University compliance with Section 504 of the Rehabilitation Act of 1973 is the Vice President for Student Educational Services.

Statement of New Undergraduate Admission Policy

Students applying as entering freshmen face an upgraded admission policy recently approved by the State Board of Regents. The new policy requires a composite score of 18 on the ACT examination **or** at least a "B" average in high school to be guaranteed admission to the University.

Those applicants with ACT scores of at least 16 or a "C" average in high school will be eligible for consideration with no guarantee of admission. Those falling within this group will be selected based on test scores and high school averages in addition to other available criteria, such as class rank, recommendations, evidence of special talents and abilities, etc.

Academic Status and Retention Policy

The following minimum academic status and retention policy will become applicable for all undergraduate students at Memphis State University at the completion of the 1981 fall semester. The official grade report at the completion of the fall semester will indicate the student's academic status according to the new sliding scale retention policy.

This new retention policy will supersede the current sliding scale retention policy found on page 41 of the 1981-82 Undergraduate *Bulletin*.

Academic Probation

A student will be placed on academic probation at the completion of any regular semester, term or summer session when his cumulative QPA falls below the following:

HOURS ATTEMPTED	MINIMUM QPA
14.99 and less	No minimum
15.00 to 29.99	1.12 - 1.51
30.00 to 50.99	1.53 - 1.80
51.00 to 67.99	1.81 - 1.98
68.00 or more	2.00

For numbers of hours attempted which are not in the table, the minimum QPA required will be based on each hour attempted. For each hour attempted from 15.00 through 68.00, a gradual increase in minimum QPA is required. A student on academic probation who withdraws from the University during the first probationary semester will be "continued on academic probation." Withdrawal by such a student from any subsequent probationary semester will be treated as an academic suspension requiring clearance from the Academic Status and Retention Office for any future registration.

The following statement replaces the statement regarding students who incur their first academic suspension, found on page 41 of the 1981-82 Undergraduate *Bulletin*.

A student suspended for the first time must remain out of the University for one regular term (i.e. fall or spring semester). A student suspended for the first time at the completion of the spring semester will no longer be allowed to enroll in the subsequent fall semester, after remaining out of the summer session.

The following statement is an addition to Section 6 of the *1981-82 Undergraduate Bulletin*:

Testing As A Prerequisite For Graduation

Any or all students may be required to take one or more tests designed to measure general education achievement and/or achievement in selected major areas as a prerequisite to graduation, for the purpose of evaluation of academic programs. Unless otherwise provided for in any individual program, no minimum score or level of achievement is required for graduation. Participation in testing may be required for all students, for students in selected programs, and for students selected on a sample basis. *(SBR 3-27-81)*

The following was approved by the University Graduate Council on October 1, 1981:

GRADUATE PROVISIONAL AND PROBATIONAL STUDENT ENROLLMENT

The enrollment of Graduate Provisional or Probational students in the Pre-Summer session will not be permitted beginning with the Pre-Summer session of 1982.

The following courses were approved for inclusion in the offerings of the University after 1981-82 Catalog issue of the University *Bulletin* had been sent to the printer. Their publication here constitutes the official announcement of their addition to the University curriculum.

CHEVY CAVALIER

THE ESCAPE HATCH

Escape to where you long to be.

Here's the kind of engineering designed to take you miles away from the middle of the road. The 1982 Cavalier Hatchback. A brand-new car that owes its creation to innovation. Not imitation.

Escape with the goods.

Reclining front seats, power brakes, side and rear window defoggers and a remote hatch release (quite a remote feature on ordinary hatchbacks) combine with 38 other standard features to make the '82 Cavalier the most complete new car we've ever introduced.

On the technical side, innovations in front-wheel drive, aerodynamic design and operating efficiency help add up to 43 Est. Highway/26 EPA Est. MPG.* And engine buffs will be interested to know Cavalier's standard 1.8 Liter, 4-cylinder engine actually delivers more horsepower per liter than some highly regarded V8s.

Plan your escape now.

Your Chevy dealer can help put your escape plan in motion, starting with a test drive. Get inside. Drive it around the block. Then all that's left to do is to decide whether you want to buy or lease a new 1982 Cavalier. Whichever you choose, one thing's for sure:

You won't have any trouble at all adjusting to your new freedom.

*Use estimated MPG for comparisons. Your mileage may differ depending on speed, distance, weather. Actual highway mileage lower. Calif. Est. Highway 42. Chevrolets are equipped with GM-built engines produced by various divisions. See your dealer for details.
